

DUST OFF YOUR DREAMS OF OWNING A BUSINESS!

Cleany™'s mission is to change lives by decluttering and cleaning people's spaces, allowing them to chase their dreams with clear minds. Our proven business model allows for a reasonable and attractive initial investment, as franchisees can easily operate out of their home or a small office.

Our dedication and understanding of sales and marketing will provide the ability to generate sales quickly and build profitable businesses in a shorter time period. We provide a better return on investment for all franchisees with such low start-up costs and low overhead.

Cleany™ is in the process of building a revolutionary app that will merge cleaning and technology. Similar to the Uber App, it will allow customers to request cleaning service when and where they want it, with the closest cleaner being able to immediately respond to their request. Are you interested in owning a successful business that is on the cutting edge of the cleaning industry and backed by strong support? Then this is the opportunity for you!

ARE YOU A GOOD FIT FOR A CLEANY™ FRANCHISE?

We are seeking franchisees who have the following qualities to join our team.

- Motivated, professional, and technical
- Strong sales and customer service abilities
- Good with timing and schedule management
- High personal standards
- Solid character and reasoning abilities
- Passion for cleaning
